*Ditch That Textbook* Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**Presentation Zen** Garr Reynolds,2009-04-15 FOREWORD BY GUY KAWASAKI Presentation designer and internationally acclaimed communications expert Garr Reynolds, creator of the most popular Web site on presentation design and delivery on the Net — [presentationzen.com](http://presentationzen.com) — shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. *Presentation Zen* challenges the conventional wisdom of making slide presentations in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

**D-Day Invasion** iMinds,2014-05-14 The story behind D-Day begins in 1939 when Nazi Germany, led by Adolf Hitler, attacked Poland and ignited World War Two. The following year, the Germans occupied France and Western Europe and launched a vicious air war against Britain. In 1941, they invaded the Soviet Union. Seemingly unstoppable, the Nazis now held virtually all of Europe. They imposed a ruthless system of control and unleashed the horror of the Holocaust. However, by 1943, the tide had begun to turn in favor of the Allies, the forces opposed to Germany. In the east, despite huge losses, the Soviets began to force the Germans back.

**Control Alt Achieve** Eric Curts,2020-05-10 Transform Your Classroom with Tech Tools You Already Know With Control

Alt Achieve, educational-technology wizard Eric Curts offers you the keys to revolutionizing classroom learning with the Google tools you already use. Dazzle your students by transforming Google Docs into blackout poetry, fire up creative possibilities by using Google Slides for comic strips, and make math more accessible--and fun--by turning to Google Drawings as an unlikely ally. With Eric as your guide to the technological horizons of Google tools, the possibilities are endless. With the step-by-step and easy-to-follow directions in Control Alt Achieve, you'll learn how to use common digital tools in unexpected ways. Whether you're new to technology or have been using Google tools for years, Eric Curts will help you innovate as you educate with ready-to-use activities that will reboot--and transform--your classroom. Reading this book is like sitting in on a presentation from one of educational technology's best presenters. **Integration Strategies of Generative AI in Higher Education** Arinushkina, Anna A., 2024-09-27 Amidst the rapid evolution of educational technology, a pressing challenge confronts higher education institutions: how to effectively integrate generative artificial intelligence (AI) into their existing frameworks. As universities strive to adapt to the digital age, they are met with the complexities of incorporating AI-driven solutions to enhance teaching, learning, and administrative processes. However, the lack of comprehensive strategies and guidance hinders their ability to leverage AI's full potential, leaving educators and administrators grappling with uncertainty. In response to this critical dilemma, Integration Strategies of Generative AI in Higher Education emerges as a guide for clarity and innovation. By offering methodological insights and practical frameworks, this book equips higher education stakeholders with the tools needed to navigate the intricacies of AI integration. From curriculum enhancement to AI-driven content creation, the book provides actionable strategies tailored to the unique needs and challenges of higher education institutions.

**Value Proposition Design** Alexander Osterwalder, Yves Pigneur, Gregory Bernarda, Alan Smith, 2015-01-28 The authors of the international bestseller Business Model Generation explain how to create value propositions customers can't resist Value Proposition Design helps you tackle the core challenge of every business — creating compelling products and services customers want to buy. This highly practical book, paired with its online companion, will teach you the processes and tools you need to create products that sell. Using the same stunning visual format as the authors' global bestseller, Business Model Generation, this sequel explains how to use the "Value Proposition Canvas" to design, test, create, and manage products and services customers actually want. Value Proposition Design is for anyone who has been frustrated by new product meetings based on hunches and intuitions; it's for anyone who has watched an expensive new product launch fail in the market. The book will help you understand the patterns of great value propositions, get closer to customers, and avoid wasting time with ideas that won't work. You'll learn the simple process of designing and testing value propositions, that perfectly match customers' needs and desires. In addition the book gives you exclusive access to an online companion on

Strategyzer.com. You will be able to assess your work, learn from peers, and download pdfs, checklists, and more. Value Proposition Design is an essential companion to the "Business Model Canvas" from Business Model Generation, a tool embraced globally by startups and large corporations such as MasterCard, 3M, Coca Cola, GE, Fujitsu, LEGO, Colgate-Palmolive, and many more. Value Proposition Design gives you a proven methodology for success, with value propositions that sell, embedded in profitable business models.

*Understanding by Design* Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge? How can we determine the big ideas worth understanding? Why is understanding an important teaching goal, and how do we know when students have attained it? How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high-stakes, standards-based environment? Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design*. Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998, the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum, assessment, and instruction. With an improved UbD Template at its core, the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks. Readers will learn why the familiar coverage- and activity-based approaches to curriculum design fall short, and how a focus on the six facets of understanding can enrich student learning. With an expanded array of practical strategies, tools, and examples from all subject areas, the book demonstrates how the research-based principles of *Understanding by Design* apply to district frameworks as well as to individual units of curriculum. Combining provocative ideas, thoughtful analysis, and tested approaches, this new edition of *Understanding by Design* offers teacher-designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike.

**AI Tools in Teaching, Learning and Research** Dr. Jangam J S Mani, Dr. Chinta Naga Manisha, 2024-04-26 This book offers insights on the use of Artificial Intelligence (AI) in Higher Education. It provides educators with a curated selection of AI Tools to enhance Teaching, Learning, Assessment, and Research practices. These tools support the creation of dynamic e-learning materials within existing Single Major Curricular frameworks for all the subjects.

*Blue Ocean Leadership (Harvard Business Review Classics)* W. Chan Kim, Renée A. Mauborgne, 2017-05-30 Ten years ago, world-renowned professors W. Chan Kim and Renee Mauborgne broke ground by introducing blue ocean strategy, a new model for discovering uncontested markets that are ripe for growth. In this bound version of their bestselling Harvard Business Review classic article, they apply their concepts and tools to what is perhaps the greatest challenge of leadership: closing the gulf between the potential and the realized talent and energy of employees. Research indicates that this gulf is vast: According to Gallup, 70% of workers are disengaged from their jobs. If companies could find a way to convert them into

engaged employees, the results could be transformative. The trouble is, managers lack a clear understanding of what changes they could make to bring out the best in everyone. In this article, Kim and Mauborgne offer a solution to that problem: a systematic approach to uncovering, at each level of the organization, which leadership acts and activities will inspire employees to give their all, and a process for getting managers throughout the company to start doing them. Blue ocean leadership works because the managers' customers--that is, the people managers oversee and report to--are involved in identifying what's effective and what isn't. Moreover, the approach doesn't require leaders to alter who they are, just to undertake a different set of tasks. And that kind of change is much easier to implement and track than changes to values and mind-sets. The Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world--and will have a direct impact on you today and for years to come.

**Microsoft CoPilot AI Expertise** Hillary Scholl, 2024-05-17 Microsoft CoPilot AI Expertise provides a detailed guide to AI's marketing transformation. This book is essential for marketers that want to use AI to improve their strategy and productivity. AI solutions like Microsoft CoPilot are revolutionizing content production, optimization, and marketing efficiency. This book explores these advances in detail, making it vital for modern marketers. This book makes a strong case

for AI in marketing from the start. The beginning emphasizes AI tool uptake and commercial impact. That 87% of firms are adopting AI to better their marketing efforts and 63% of marketers say AI has considerably increased their content generation pace are astounding facts. These numbers demonstrate the importance of AI for digital competitors. The book walks readers through Microsoft CoPilot AI features. Each chapter is carefully designed to cover AI-powered marketing topics including content development and website optimization. One of the best chapters is Demystifying the Features, which explains CoPilot's features. New AI tool users will find this chapter helpful because it simplifies difficult ideas. Another highlight is the book's realistic content creation approach. Chapters like Blogosphere Boost and Leverage CoPilot for Targeted and Engaging Emails provide practical advice on creating high-quality content with CoPilot. The book emphasizes AI's effectiveness in writing engaging blog articles, social media material, and email campaigns. The book's claims are supported by real-world examples and case studies of organizations using CoPilot to achieve great achievements. The book also discusses AI marketing ethics. In the chapter Best Practices and Ethical Considerations for Using CoPilot in Marketing, the authors emphasize transparency and justice while using AI tools. Today, ethical technology use is crucial, making this section vital. Marketers who wish to predict industry developments benefit from this forward-thinking mindset. The writers' ability to combine practical advice with future estimates makes the book comprehensive. Accessibility is a strength of Microsoft CoPilot AI Expertise as it does a great job explaining complicated AI ideas to all readers. Any marketer, beginner or pro, will find the book interesting and easy to follow. The clear writing, detailed examples, and step-by-step directions help readers understand and implement the knowledge. Finally, Microsoft CoPilot AI Expertise is a great resource for AI-based marketing as it stands out in AI-powered marketing for its thorough coverage, practical advice, and ethical issues. Marketers can learn and develop confidence to use AI to grow and succeed by reading this book.

**The Alchemy of Growth** Mehrdad Baghai, Steve Coley, David White, 2000-06-30 Growth unleashes benefits beyond the economic. It revitalizes organizations and invigorates the people in them, creating energy, a sense of purpose, and the glow of being on a winning team. Like the alchemy of old, it seeks to transform the everyday into the exalted by means that seem little short of magical. Yet growth is often elusive, achieved at unacceptable costs, or managed in fits and starts. Based on over three years of research and application at high-performing companies around the world, *The Alchemy of Growth* is a comprehensive, practical approach to initiating, achieving, and sustaining profitable growth—today and tomorrow. As the book shows, the secret is to manage business opportunities across three time horizons at once: extending and defending core businesses, building new businesses, and seeding options for the future. *The Alchemy of Growth* offers managers at all levels the tools and concepts for investing in the right initiatives, capabilities, and talent to propel their companies into the future.
